

Announcement of 3 Poster Prizes

of Integrated Research Training Group “Nanocarriers” of CRC 1112 in 2016

We are pleased to announce that three Poster Prizes will be awarded to junior scientists of CRC 1112 for poster contributions of the year 2016.

Eligibility Requirements:

1. The content of the posters must be connected to the research goals of CRC 1112, and the CRC 1112 has to be mentioned in the acknowledgements.
2. Eligible for participation are junior scientists of CRC 1112, i.e. postdoctoral fellows, doctoral students, and master students. The applicant has to be either first author or senior author of the poster. Principal investigators are not eligible to apply for the poster prize but can submit posters on behalf of eligible junior scientists.

Evaluation Criteria:

Submitted posters will be evaluated by the Supervisory Board of the Integrated Research Training Group according to the following criteria regarding content and form: topic of inquiry, appropriate method, coherent structure, clarity of messages, scientific value, conclusive layout, legibility and transparency.

The three best posters will be awarded with a certificate. Each applicant can submit several posters but can only receive one prize.

The award ceremony will take place during the CRC 1112 General Assembly in 2017.

Application:

Posters must be submitted electronically as PDF document to the office of the Integrated Research Training Group: please send an email to grad_koll@sfb1112.de with the subject line “CRC 1112 poster award 2016”. In addition, please make sure to name the conference or workshop for which the poster was created.

Application deadline: December 15, 2016.
