

Dear DRS, VetMed and BCP doctoral students!

It is our pleasure to organize this year's *Doktorandensymposium* that will happen on the **Friday, September 16th 2016** at the *Veterinarium Progressum* in Düppel.

It has been a long time since the last *Doktorandensymposium*, so we put ourselves together and created the possibility to install it again – giving the doctoral candidates the opportunity to present and discuss their project development, results and also meet a bunch of other nice and friendly doctoral students. Oh, and let's not forget: the participation in this event will grant you many credits for it ;-)

Thus, we kindly ask you to reply to this mail by **15th April 2016** latest, demonstrating the interest or not in making part of this event.

After the registration deadline all the doctoral candidates attending the Symposium will be asked to provide an abstract of 200 words. Either if you are giving a talk or presenting a poster, all students should provide an abstract. We will send later on a form, which you will just need to fill in to choose between a poster and a talk, so no worries ;)

The deadline for submission of the abstract will be **15th May 2016**. Please be aware of this deadline, as no delayed abstracts will be accepted.

For further information or if you have any questions please do not hesitate to contact us.

Thank you very much!

The organization committee,

Carlos Hanisch
Giuliano Corte
Luca Bertzbach
Renato Previdelli
Katharina Hohlbaum
Monika Krahnstöver

PS: Interesting prizes will be given to the best poster and best presentation!! ;-)
